***Baseline Document Change Announcement***

**EB Specifications for LED**

**BDC04S-14**

**October 07, 2004**

**SUBJECT: Release of the new Electrical Material Specifications (EB Specifications) in English and Metric Units for LED Signal modules.**

The new Electrical Material Specifications (EB Specifications) for LED (Light Emitting Diode) Pedestrian Countdown Signal Module – N.J. Specification No. EB-LED-PEDCSM (English) and EBM-LED-PEDCSM (Metric) are hereby issued for its usage on Department projects.

Implementation of these modules will discourage pedestrians from crossing at the end of the interval and encourage pedestrians to accelerate their pace when time is running out or to wait at mid-crossing for the next phase.

**Implementation Code S (SPECIAL)**

Changes must be implemented in all applicable Department projects scheduled for Preliminary Design submission after October 14, 2004.
